

Reviewing Money Management Apps Essay

Name: _____ Date: _____

Directions: Read the article *The 8 Best Personal Finance Apps of 2021*. Then, visit the web site for each of the apps and determine which one would best suit your needs. You may even want to do an additional search to find other highly rated apps and choose one of them. After making your selection, write a four-paragraph persuasive essay explaining the benefits of using mobile apps for personal financial management and why you think one of the apps is best for your individual needs. Be sure to include any research, safety recommendations, and examples of “best practices” in your essay. You may use sources other than the recommended article, but all sources should be listed at the end of your essay.
