

ACTIVITY 6.3 GONDWANAN PRODUCTION CARDS

You live in Gondwana. Like most Gondwanans, you like to eat pizzas and decorate with fine rugs. The more pizzas and rugs you can get, the happier you are. Unfortunately, making these goods takes time, and you have only six hours a day for production. In one hour you are able to make half a pizza OR one rug, but not both.

Cut along the solid lines below. This will give you six production cards. Each card shows what you could produce in one hour. Fold each card in half along the dotted line with the pizzas and rugs facing out. Then staple or glue the two halves together. Lay the cards on your desk. Whichever side you have facing up shows what you are producing during that particular hour.
